

Certifying Effort

Introduction

Welcome to the Certifying Effort module. In this module you will learn how to use the online Effort Reporting System (ERS) to review and certify effort.

Certifying effort using ERS involves the following activities:

- Reviewing the Effort Report for accuracy.
- Editing the report if the effort shown does not reflect actual effort expended.
- Certifying the report.

Step 1: Reviewing the Effort Report for Accuracy

It is the responsibility of the certifier to ensure that the total percent of effort for each sponsored project, including cost sharing, and the amount directly charged to the fund is correct.

Step 1: Reviewing the Effort Report for Accuracy (cont'd)

To ensure that the total percent of effort and amount charged to the fund is correct, review the **Original Payroll %** and **Original Cost Shared %** columns on the effort report for each sponsored project.

Step 2: Editing the Effort Report

Note that Adjusted Payroll % and Adjusted Cost Sharing % already contain a percent of effort that corresponds to each sponsored project.

That is because when ERS generates the report, it pre-fills all fields in these columns with the corresponding numbers from the Original Payroll % and the Original Cost Shared % fields.
