### REVIEWING AND CERTIFYING EFFORT REPORTS

Refer to the screen shot on the next page for an annotated example of an effort report. Circled letters in next section refer to screen shot.

1. Click on the **Comment Log** tab to review system or Research Accountant comments.

**Comment Log**

- **Version:** 1.1 (02/23/2012 02:09)  | **Status:** Open
- **Service Period:** October 1, 2011 to December 31, 2011
- **Pay Periods:** October 1, 2011 to December 31, 2011
- **Comment for Version 1.1**

| 02/23/2012 2:05 PM by Jane Johnson |

- **Duplicate TOPEs in Dec 2011 corrected for February payroll load** Jane Johnson PBSci 9-1000

2. Click the **Edit Report** tab to review the employee project funding information and percent effort based on the pay periods covered by the reporting quarter.
3. The **Adjusted Payroll %** column (A) shows the percent of effort before any cost sharing. The **Original Payroll %** column (B) shows the percent of effort calculated from payroll records.
   - In most cases, the Original and Adjusted Payroll % columns will be equal; however, if there is a difference, it means that additional payroll transfers are pending and the Comment Log should provide you with information.
   - If the Adjusted Payroll % is not accurate, consult with your divisional Research Accountant.
4. Any cost sharing on a federal fund is indicated in the **Actual Cost Sharing %** column (C). For information on how to update a cost sharing percentage contact your divisional Research Accountant.
5. If you see the following message at the top right of the report screen it indicates that this employee had effort on multiple federal funds, and the report requires certification by more than one Report Certifier. You will need to check the box(es) in the **Line Certified** column to indicate which federal fund(s) you are certifying. For more information, refer to: Certifying an Effort Report with Multiple Certifications.

6. You are certifying the percentages in the **Adjusted Total %** column (D).
   - This amount is the sum of the **Adjusted Payroll %** and **Actual Cost Sharing %**.
   - Total effort in the **Grand Total** (E) must equal 100%.
7. If the amounts are correct, click **CERTIFY EFFORT REPORT** (F) to bring up the **Certify ERS Report** popup window.
   - By clicking **CONFIRM** you are certifying the following:
     - You have first-hand knowledge of the effort reflected on the report
     - The distribution of effort expended during the reporting quarter is a reasonable estimate
   - Click **CANCEL** to go back to reviewing the report.
PERFORMING A FINAL REVIEW
1. Return to your list of effort reports by clicking the REPORT LIST tab.
2. Check the STATUS column to determine if you have additional reports to review (reports with statuses OTHER THAN Certified or Not Required).
